Section 900 GENERAL INFORMATION

900.01 Introduction

Mission

Our mission is to:

- provide a foundation of knowledge, which will allow our students to have successful academic careers;
- recognize that self-esteem comes from meeting and overcoming challenges and from confidence gained through the acquisition and mastery of skills;
- recognize that parental and community involvement is crucial to the success of the students and the school as a whole;
- help guide each child to develop his or her character in a program that builds community and stresses respect;
- offer engaging, challenging work, and give students the tools they need to succeed in school.

Philosophy

The philosophy of the school is that every student is entitled to an educational environment dedicated to lifelong learning. The purpose of the school is to provide excellence in education through collaborative research, effective instruction and the development of positive values. A goal of the school is to ensure that every student will learn and will master the appropriate Florida Standards.

TCMS seeks to provide a safe, secure and equal learning environment for each of its students. TCMS must be free from disruption that would interfere with the teachers' right to teach and the students' right to learn. In order to ensure a safe and hospitable environment, TCMS shall offer assistance to parents and guardians in the forms of counseling, peer mediation/conflict resolution, and other school and community programs.

900.02 To the Parents

Terrace Community Middle School ("TCMS" or the "school") believes that well-informed parents promote a positive school environment. Consistent with this philosophy, both parents and students are required to familiarize themselves with this Handbook, which is available on the school's website so that you may become acquainted with the school's policies and procedures and school life. Students and parents are also required to complete the Handbook Agreement. In this Handbook, the school has included various regulations, Code of Student Conduct, school activities, and general information, all of which aid students in becoming productive members of the school community.

Suggestions for changes or revisions to this document will be welcomed and reviewed by school Administration and the BTBCSF Board of Directors. Please forward comments and/or suggestions to the school's Principal.

900.03 To the Students

This Handbook has been developed for the purpose of informing you of the policies and procedures of TCMS. We hope that it will assist you in making your school days pleasant and successful. It is the responsibility of each student and parent/guardian to read, understand, and abide by this Handbook.

900.04 Civility Policy

The faculty and staff of Terrace Community Middle School will treat parents and other members of the public with respect and will expect the same in return. TCMS is committed to maintaining orderly educational and administrative processes in keeping school and administrative offices free from disruptions and preventing unauthorized persons from entering school/district grounds.

The aim is to promote mutual respect and orderly conduct within the school, thereby setting a model for children and others in the community. It is not meant to deprive any person of the right to freedom of expression. Volatile, hostile or aggressive actions and words are discouraged, and individuals who engage in these activities may face legal penalties.

900.05 Statement of Non-Discrimination

The Back to Basics Charter School Foundation, Inc. is an equal opportunity employer and does not discriminate in its hiring or employment practices on the basis of age, race, sex, color, national origin, sexual orientation or disability. Discrimination in recruitment, examination, appointment, training, promotion, retention, discipline or any other employment practice based on one of these improper motives is prohibited. Furthermore, harassment based on a person's race, color, gender, religion, age, national origin, sexual orientation, or disability is a form of discrimination and will not be condoned. Any person having questions about the Back to Basics Charter School Foundation, Inc.'s compliance with Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act, the Age Discrimination in Employment Act, or any other civil rights laws should contact the main office at (813)987-6555.

900.06 Statement of Parent/Family Volunteerism

Students should know that, as a part of the TCMS philosophy of setting and maintaining higher standards for students, parents, faculty, staff, administration and board members, we require families each year to volunteer a minimum of 10 hours of time in service to the school community. You may volunteer, on behalf of TCMS, for an organization in the community in order to meet the 10 hours; however, in order to receive credit, we ask that you provide documentation of the hours volunteered.

Volunteerism is a part of the commitment each family agrees to on a yearly basis. All families are asked to fully support this very important component of being a member of the TCMS community. TCMS shall maintain the highest level of parental and community support as this positively impacts learning and achievement for all children.

900.07 Communication to Home

TCMS has an excellent middle school model for parent and community communications. As a student matriculates, our philosophy of middle school fosters a school business climate which promotes maturity and self-responsibility. While we know from time to time that a maturing adolescent "forgets" and we are very supportive with those first few transitions, we believe that it is important to ensure that school information, paperwork, homework, newsletters, and the like are delivered to the parent/guardian.

900.07.1 Means of Communication

- Weekly emails
- TCMS Website (www.tcmstornadoes.com) & TCMS Facebook Page
- School flyers
- Faculty and Grade Level House mass email mailings and newsletters
- Direct calling by PRA/teachers
- ParentLink telephone broadcasts by the Administration
- Conference in person
- Facebook and Twitter

900.08 Additional Mailings

By middle school age, the majority of students are mature enough to facilitate all communications between home and school. Should you believe that your child is not capable of fulfilling this role, please send \$15.00 to cover the cost of five certified mailings per year. If, during the course of the year, the expense exceeds the amount indicated, parents will be notified and payment will be expected. No mailings will be sent until that amount is remitted.

900.09 Parental Input

The Administration strongly encourages, and invites parents to attend all meetings held by the Principal, the school's Board of Directors monthly meetings, special PRA meetings and open houses. The Administration also requests that you email, phone or make an appointment as needed to discuss challenges, issues, concerns, offer recommendations and, of course, that you offer praise.

900.10 School Climate Quality Survey

TCMS will, during the third quarter, request that all parents fill out a "School Climate Quality Survey." Results will be published and presented by the Principal at the April board meeting.

900.11 New School Year Paperwork

If the paperwork required by the school for enrollment is not returned by the specified dates (a schedule of documents and their due dates is on the school calendar online and is published in the newsletter) it may prevent the student from receiving his or her schedule at Open House in August.

It is the parent's responsibility to make sure the paperwork is returned to the school on or before the due date each year. Parents who did not complete the required paperwork in a timely manner will receive an e-mail one week prior to the scheduled Open House with instructions on where to report in order to complete missing paperwork before they can receive their child's schedule.

SECTION 910 Conduct, Climate, Discipline

910.01 Discipline

1. TCMS has established a comprehensive Code of Conduct that students must follow and TCMS enforces uniformly. TCMS does not tolerate behavior that disrupts or interferes with the education of other students or the school learning environment. Students are responsible for understanding and adhering to this Code of Conduct. Parents are responsible for helping students understand and abide by these policies, for recognizing that unacceptable behavior is subject to disciplinary action, and for supporting the enforcement of these policies.

2. Administration, including the Principal or designee, and Grade Level Administrators are responsible for discipline and determine the level of the offense and its appropriate consequence. Terms are defined in the handbook's glossary. The BTBCSF Board of Directors gives the Administration reasonable degree of discretion in determining the level of the offense and the resulting consequences. The factors considered include, but are not limited to:

- a) seriousness of offense;
- b) repetition of offense;
- c) premeditation, impulse, or self-defense;
- d) strength of evidence;
- e) cooperation or remorse;
- f) disciplinary history;
- g) gang-relationship, and
- h) age or disability

3. Four levels of offenses and consequences include graduated levels of offenses and consequences with the most serious offenses listed first. Administration of discipline includes violations of the Code of Student Conduct occurring on school property and at school-sponsored functions and events. In addition, the reassignment to another school may be recommended if a student commits a crime not on TCMS property.

4. ZERO TOLERANCE OFFENSES: (Handled only by The Principal)

TCMS has adopted a zero-tolerance policy for serious crimes involving violence, weapons, drugs and behaviors that threaten the safety and/or well-being of students or personnel; illegal activities will not be tolerated.

Zero tolerance offenses include, but are not limited to, the following:

- alcohol/drug possession, use, distribution or sale of;
- arson;
- battery; fighting of any form, type degree or level of intensity;
- bomb threats or general threats to the school population;
- breaking/entering/theft/robbery;
- homicide;
- kidnapping;

- motor vehicle theft;
- physical contact with the intent to harm and/or causing injury;
- possession, use, sale of firearms, bombs, explosives, weapons;
- possession, use, sale, distribution or being under the influence of a controlled substance or tobacco;
- possession of drug paraphernalia;
- sale or distribution of any substance represented by the student as being a controlled substance;
- sexual assault;
- use of a non-weapon as a weapon;
- willfully and knowingly attempting to do bodily harm to a TCMS student, teacher, employee, or agent;
- misrepresentation of facts resulting in public slander toward a TCMS student, teacher, employee, agent or the school either written, spoken, or electronically;
- threat or intimidation of a TCMS student, teacher, employee or agent either written, spoken or electronically transmitted;
- any activity that is punishable as a criminal offense under Florida or federal law (i.e. the commission of a crime);
- crimes against TCMS students, teachers, employees, agents or property that, when referred to law enforcement, results in criminal charges;
- any other offense, which at the judgment of Administration or designee, is deemed to endanger the safety, security, and well-being of students, teachers, employees, agents, and/or visitors to TCMS or any school activity;

Consequences of a Zero Tolerance Offense shall include, but may not be limited to the following:

- a) notification of parent or guardian;
- b) revoking of privileges;
- c) out-of-school suspension, up to ten days;

This means that ID badges shall be on a student's person at all times. Students must show their ID badges to their homeroom teachers on a daily basis.
- Any student who does not have an ID badge or is unable and/or unwilling to produce his/her ID badge when requested will be noted and documented for ID badge violations. Failure to fully abide by this policy may result in an immediate referral as a level two violation of Defiance of Public School Policy and Personnel.
- Students must produce their ID badges for any and all media services and when picking up school lunches.

Defacing ID badges (coloring on, writing on, cutting, and tearing) will result in a \$5.00 replacement fee being assessed and possible disciplinary action.

910.05 Sexual Harassment

TCMS has zero tolerance of sexual harassment by any of its students. Students who engage in such conduct shall be subject to a range of punishment which may include, but shall not be limited to, notification to parent or guardian, verbal or written reprimand, detention, out-of-school suspension, or dismissal from TCMS (sexual harassment occurring in cyberspace would result in appropriate punishment as well).

1. Examples of sexual harassment may include, but are not limited to, the following unwanted and unwelcome behavior:

- (a) verbal harassment or abuse of a sexual nature;
- (b) subtle pressure for sexual activity;
- (c) repeated remarks to a person with sexual or demeaning implication (for example, a person's body);
- (d) display of, being shown, given or left sexually suggestive objects, pictures, illustrations, messages or written materials;
- (e) sexual or suggestive comments, jokes or gestures;
- (f) being "sexually rated" by an individual, for example, on a scale from 1 to 10;
- (g) being pressured to go out with someone;
- (h) being the recipient of whistles, jeers, or catcalls;
- (i) being touched, grabbed, or brushed up against or pinched in a sexual way;
- (j) spreading sexual rumors about a person;
- (k) having clothing pulled/removed in a sexual manner;
- (l) being forced to view centerfolds, photographs, posters, or drawings of a sexual nature;
- (m) having one's way blocked in a sexual way;
- (n) placing messages or graffiti written about that person on a computer screen, restroom walls, in locker rooms, or any other public site;
- (o) being forced to kiss someone or do something sexual other than kissing;
- (p) being called a name that identifies one's sexual orientation: i.e., gay, lesbian, straight, hetero, homo, etc.;
- (q) being spied on or photographed while dressing or showering, and
- (r) requesting sexual favors.

2. Sexual harassment does not refer to occasional compliments or welcomed interactions of a socially acceptable nature.

3. A student has the right at any time to raise the issue of sexual harassment with appropriate school and/or district personnel without fear of reprisal. Do not think that if you just ignore the problem, it will go away.
4. Allegations of sexual harassment shall be promptly investigated, giving due regard to the need for confidentiality.
5. Those being sexually harassed should take the following steps:
 - (a) Clearly tell the harasser to stop.
 - (b) Make a written record of the incident including date, time, witness or witnesses and parties involved in the incident.
 - (c) Report the incident immediately to an adult at the school, such as a teacher, guidance counselor, or Principal.
 - (d) Report the incident immediately to your parents or guardian.
 - (e) Avoid being alone with the person who has harassed you.
6. If harassment continues and you feel uncomfortable reporting this fact to adult personnel at the school, contact the school district's main switchboard at 272-4000 and ask to speak with someone in Hillsborough County Schools Guidance Services or the Hillsborough County Social Work office.
7. When a person is alleged to have engaged in any sexual harassment, the common reaction of that person is to be angry and want to pay him or her back (retaliate). Retaliation is defined as meaning "to pay back (an injury) in kind." TCMS does not tolerate retaliation. Some examples of retaliation include, but are not limited to, the following:
 - (a) attempting to discuss the matter in any way while it is under investigation;
 - (b) spreading rumors;
 - (c) following the person;
 - (d) becoming physical in any way;
 - (e) destroying property;
 - (f) using the telephone, computer or other electronic means to retaliate in any way.
8. To minimize the risk of being accused of sexual harassment:
DO:
 - (a) Keep your hands to yourself.
 - (b) Think before you speak.
DON'T:
 - a) Touch anyone in an inappropriate way.
 - b) Keep asking a person to go out with you after he/she has said "No".
 - c) Be in a room alone with a person with the door closed.
 - d) Make remarks that have sexual overtones or implications

910.06 Bullying and Harassment

TCMS has a zero tolerance policy on bullying and harassment. Bullying is defined as: systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees that is severe or pervasive enough to create an intimidating, hostile or offensive environment, or unreasonably interfere with the individual's school performance or participation.

Harassment is defined as: any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct directed against a student or school employee that:

1. Places a student or school employee in reasonable fear of harm to his/her person or damage to his/her property;
2. Has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or
3. Has the effect of substantially disrupting the orderly operation of a school.

Bullying or harassment is prohibited:

- (a) During any education program or activity conducted by a public K-12 educational institution;
- (b) During any school-related or school-sponsored program or activity or on a school bus of a public K-12 educational institution;
- (c) Through the use of data or computer software that is accessed through a computer, computer system, or computer network of a public K-12 educational institution.

*This policy is aligned with Proposed Florida Law HB 669, Legislative Session 2008.

What can you (student) do if you are being bullied?

- Ignore the bully, tell him/her to stop and walk away whenever the bullying starts.
- Tell an adult you trust. This is not tattling; it is reporting. All students have the right to be safe and adults can take action to make certain bullying stops.
- If you feel you have solved the problem on your own, tell an adult anyway in the event it happens again.
- An adult you trust may be a teacher, the guidance counselor, the school's principal or someone in administration, a parent, a family member or a friend's parent. If you find it difficult to talk about being bullied, you might find it easier to write down what has been happening and give it to an adult you trust.

910.07 Vandalism

TCMS is a publicly funded school run privately by the Back To Basics Charter School Foundation, Inc. on a charter from the School District of Hillsborough County. TCMS equipment, supplies, furniture and classroom instructional tools are indirectly owned by the state.

F.S. 1002.01 Vandalism and the defacing of school property is a serious offense. Students committing these infractions shall face severe disciplinary action, which may include suspension, restitution and/or dismissal and/or reporting to the appropriate law enforcement agency. This includes spray painting buildings, writing on walls or furniture and similar types of vandalism.

910.08 Search and Seizure

1. The Principal, a teacher or any other school staff member may temporarily detain and question a student when circumstances indicate that such student has committed, is committing or is about to commit a violation of Florida law or school rules and regulations.

2. In accordance with Florida Statutes, school authorities may search any area without notice if he or she has a reasonable suspicion that a prohibited or illegally possessed substance or object is contained in the other area.

920 Electronics

920.01 Computer Education

TCMS provides its students with many opportunities for computer and Internet usage. In order to participate in these opportunities, each student and family must fully understand and agree to the principles that guide this usage. Any student or family member that is not willing to accept these responsibilities will not be afforded computer or Internet access.

All TCMS student behavior is governed by this Handbook. The acceptable use of technology and Internet privileges is an extension of the Handbook. The Internet is a global database system providing access to information from around the world. Students will have limited and supervised access to the Internet. The following principles guide this usage:

- (a) **Personal Safety and Personal Property:** No personal contact information or pictures of self or other students, faculty or staff may be posted by students on an Internet site or other TCMS locations. Personal information includes a home address, telephone number, school address, etc. This information may not be provided to an individual, organization, or company, including websites that solicit personal information. Students will promptly disclose to a teacher or school employee any message received that is inappropriate or makes them feel uncomfortable. It is required and incumbent on the parent to counsel their child regarding inappropriate internet usage as defined.

Should the parent elect for their child to not have access to the school's internet program, a notarized statement to that effect must be submitted to the school's Technology Director prior to the first day of school.

- (b) **Illegal Activities:** Students will not attempt to gain unauthorized access to any computer system, including the TCMS network, or to go beyond their authorized access. This includes attempting to log in through another person's account or access another person's files. Students will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other illegal act. Such an act will result in immediate notification of the school Principal for his/her action.
- (c) **Security System:** Students are responsible for their individual accounts and must take all reasonable precautions to prevent others from being able to use their accounts. Under no conditions should a student provide his/her password to another person. Students will immediately notify a teacher if they have identified a possible security problem. Students should not go looking for security problems, as this may be construed as an illegal attempt to gain access. Spread of computer viruses will also be avoided by following the TCMS virus protection procedures when downloading software.
- (d) **Inappropriate Language:** Restrictions against inappropriate language apply to public messages, private messages, and material posted on Web pages. Students will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language. Students will not post information that could cause damage or disruption. Students will not engage in personal attacks, including prejudicial or discriminatory attacks. Students will not harass other students. If a student is told by another individual to stop sending messages, that student must stop. Students will not knowingly post false or defamatory information about a person or organization.
- (e) **Respect for Privacy:** Students will not repost a message that was sent to them privately. Students will notify teachers immediately should they receive a message via the network. Students will not post private information, including personal contact information, about another person.
- (f) **Respecting Resource Limits:** Students will use the system only for educational activities. Students will not download large files unless absolutely necessary. Students will not post chain letters or engage in "spamming." Students shall not check their personal email accounts utilizing TCMS hardware, software, and network. Such action shall be deemed a level one offense with an immediate suspension from TCMS.
- (g) **Plagiarism:** Students will not plagiarize works that are found on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as one's own.
- (h) **Copyright:** Students will respect the rights of copyright owners. Copyright infringement occurs when one inappropriately reproduces a work that is protected by a copyright.
- (i) **Inappropriate Access to Material:** Students will not use TCMS computers to access material that is not related to educational pursuits, is designated for adults, is obscene or profane, advocates illegal or dangerous acts, or advocates violence or discrimination toward other people. If a student mistakenly accesses inappropriate information, he/she should immediately tell a teacher or the Principal. TCMS parents should instruct their children further, if there is additional material that they think would be inappropriate for their children to access. TCMS fully expects that students will follow their parents' instructions in this matter.
- (j) **Disciplinary Actions:** Any student who violates these principles will be disciplined by the Principal in accordance with this Handbook. In addition to other consequences, future computer use may be fully or partially taken away from the student.

Students and Parents: Technology is a very powerful and effective learning tool. Abuse by any TCMS student in the utilization of technology while on campus or while off campus as it directly impacts TCMS will be considered a Level One offense, with the offending student subject to immediate removal from TCMS by the Principal.

920.02 Electronic Devices

No unapproved electronic devices shall be allowed on campus, at any time, with the exception of cell phones, which must be turned off at all times and hidden. No text messaging or telephone calls will be permitted, unless in the event of a school emergency. All electronic devices shall be confiscated if used without permission, unless these devices have been approved for educational purposes. The devices will only be released to a parent or guardian.

The school shall not accept the responsibility for damaged personal property or cost of replacement.

920.03 Cell Phones and Usage

The school's Governing Board and Administration have a very well defined policy on possession and use of cell phones while present any time on the school's campus and/or school sponsored events. Due to the changing challenges of communications and school safety, the TCMS Administration fully understands the necessity for students, faculty and staff to have on their person, during the school and work day, cell phones. Because cell phone usage disrupts the normal instructional day, Administration shall require restraint from cell phone usage.

Students may have in their possession a cell phone, but it must be kept in their backpack throughout the entire school day. **The cell phone shall not be visible.** The cell phone may not be activated. Usage of that cell phone is strictly prohibited during the school day, unless notified by TCMS personnel, in an emergency situation, that they may activate the phone. This includes no picture taking with camera phones or text messaging. Any student found with a cell phone visible and/or in use will have the cell phone confiscated and only a parent may claim the cell phone. Should a student need to utilize a phone for school related business, access to a TCMS phone will be provided in the main office by authorization of the school Principal or designee. Students are strictly prohibited from using school phones located in classrooms or other TCMS areas outside of the main office. Employees are strictly prohibited from allowing student usage of their classroom or cell phone without authorization from the Principal or designee.

Cell phones may be used by students **after** exiting the school buildings and following the 3:05 dismissal bell to contact parents or to arrange pick-up. Any cell phone usage inside the school facility or during the school day must be approved by TCMS staff.

Usage of the school's cell phone is strictly authorized by the Principal and must be used for school business only.

930.04 Grievances

1. A "grievance" is another name for a complaint. A student/parent grievance exists when a student/parent believes that he/she has been treated unfairly. Students/parents wishing to register a school level grievance must do so within ten school days from the time that they became aware of the alleged infraction. The grievance procedure is available only to enrolled TCMS students or parents of currently enrolled TCMS students. Students should involve their parents or guardians in resolving school grievances.
2. Ask the teacher or school staff person who allegedly treated you unfairly to schedule a conference for the purpose of discussing your complaint.
3. If the person charged with the alleged infraction does not resolve your complaint, arrange to talk with the guidance counselor or Principal regarding the issue.

4. Most student grievances can be resolved at the school level through informal conferences with teachers or other school personnel. If efforts to resolve the grievance with school level administrators fail, the student may file a Level I Grievance Form with the Principal. Forms for filing grievances are available in the school office and shall be provided upon request. The Principal shall provide the grievant with a response and/or resolution to the issue within fifteen days.
5. A student wishing to appeal the Principal's Level I decision must file a Level II grievance with the TCMS Personnel Committee, which is made up of the Principal, the Grade Level Administrators (GLA's), a member of the BTBCSF, Inc. and a designee, as appointed by the Principal, no later than ten school days from the date of said decision. 8. The Level III meeting shall not be a retrial of the grievance and no evidence shall be taken. The Board of the BTBCSF, Inc. shall review the evidence and testimony presented at Level I and Level II. The Board of the BTBCSF, Inc. shall render a final decision with respect to the grievance.

930.05 Records (see Appendix 1 "Public Notice on Student Records")

Should a textbook/issued item be damaged, student and parent assume full responsibility for replacement and/or repair costs.
2. Books are issued by the subject teacher and must be returned to the same teacher upon completion of the school year or upon withdrawal from school. All textbooks must be covered with a paper or cloth (NEVER ADHESIVE) cover at all times during the course of the school year.
3. Responsibility for textbooks rests with the student to whom the textbook is issued.

4. Lost books are no excuse for not doing class assignments. It is the student's responsibility to get the needed information.
5. The full purchase price shall be collected for lost or damaged, or unnecessarily damaged textbooks.
6. Failure on the part of any student/parent to pay the full purchase price of a damaged or lost book may deprive the student of further issuance of free textbooks.
7. Loss of books due to theft or other circumstances shall not be accepted as an excuse for non-payment. If the book is found and returned, the school shall issue a refund to the student.
8. Textbooks or replacement textbooks will not be issued until all textbook indebtedness has been paid.

930.9 Telephones

Section 940 General Safety and Transportation

940.01 Student Safety and Security

The total purpose of the school program and the personnel who support that program in any way is to provide for the maximum personal and educational development of each and every student who is in attendance and is affected by that program in a safe, secure and respectful environment. Therefore:

1. Students are entitled to the protection of themselves and their property. To enjoy a safe school environment, students must understand and respect people and the property of others.
2. Students have the right to:
 - (a) be protected from threats, assaults, or physical injury;
 - (b) have their property protected from misuse, damage, or theft;
 - (c) be protected from conditions that may be harmful or injurious to their health, safety, or property;

 - (b) not possess, handle, transmit, or use weapons, drugs, or other materials that may be harmful to themselves or others;
 - (c) be informed and observe all the established rules and regulations that govern their conduct and discipline;
 - (d) attend all classes regularly and on time;

 - (f) do all classroom assignments (except in the case of an unexcused absence) and meet all requirements of all classes;
 - (g) respect the rights of others and to respect the views and backgrounds of those different from their own, and
 - (h) meet the approved criteria required for participation in instructional and co-curricular activities

940.02 Student Safety and Usage of Restrooms and Changing Rooms

TCMS provides, within its resources, a safe, secure and wholesome environment anywhere on campus. When a student uses a school restroom and/or changing room for physical education or other classes, the student shall, at all times, be courteous and respectful of others present, be respectful of the restroom/changing room facility making sure to keep it clean and free of trash, non-related items, and graffiti. A student who violates another student's rights while using the restrooms/changing rooms, regardless of the level and the nature of the infraction, and/or inflicts damage to the property through any action, by any means, shall be adjudicated through the Discipline Matrix.

In the event of such infractions, the Principal may remove the access of that facility for the student and assign a specific restroom/changing room for designated access only. Furthermore, the student may face financial remuneration for the cost of damage, and even suspension from school for any violation.

940.03 Clinic, Health Issues, Medication

CLINIC, HEALTH ISSUES AND MEDICATION (HCPS Policy 5310, 5330, 8450)

Students too ill to remain in class must request permission from their course teacher to report to the clinic, unless it is an emergency. When necessary, the parent/guardian shall be contacted and the determination made whether the student shall go home or return to class. An Emergency Information Card must be on file in the school office. Any changes with the emergency contact information must be made immediately by the parent in person. The Principal or designee shall permit a child to leave school only in the custody of one of the following adults:

- A parent/guardian of a student, with photo ID;
- Person listed on the Emergency Information card, with photo ID;
- A law enforcement officer, or
- An authorized worker from the Department of Children and Family

Only prescription medication shall be administered at school. Over-the-counter or sample medications must be accompanied by orders from a physician or licensed health care provider. Cough drops will be treated as an over-the-counter medication. Students may not carry over-the-counter medications in school. Possession of drugs of any kind can lead to serious disciplinary action. Only medication approved by the Food and Drug Administration will be accepted for administering at school. All medications must be brought to school by the parent or guardian. Sunscreen is permissible without a medication order.

It is recognized that medications may be essential for some students. When possible, all medications should be administered at home. If medication must be given at school, the following "Guidelines for Administration of Medication" (SB 87034) must be followed. Florida Statute 1006.062 is the reference for the guidelines:

1. A signed statement by the parent/guardian requesting the administration of medication must accompany all medication. The official authorization form (SB 87034) must be returned to school within two (2) days following the initial receipt of the medication. New authorization forms are required every school year, or when any changes with the medical orders occur.
2. Medication must be sent to school via a parent or guardian. It is not safe for children to deliver medicine to the school. This policy prevents safety concerns or loss of stolen medicine, students sharing medicines with friends, and students taking medicine while unsupervised.
3. Medication must be in the prescription container with the date, dosage, name of drug and the student's and the physician's or licensed health care provider's names clearly marked. Medication must remain in the container in which it was originally dispensed. Most pharmacies will provide an extra empty labeled bottle for parents if requested when the prescription is filled.
4. Parents should arrange for a separate supply of medication for school. Medication will not be transported between home and school on a daily or weekly basis. Exceptions by Florida Statutes 1002.20(h) (i) are asthma inhalers and Epipens, which require special parent forms and physician/doctor's orders.
5. When any medications are added or discontinued, a new authorization form shall be required.
6. When medication dosages or times are changed, both steps must be followed:
 - a. A written note from the parent requesting the changes must be sent to the school and then a new signed authorization form with the correct information must be completed.
 - b. A new label from the pharmacist or physician licensed health care provider order/prescription indicating the change must be sent to the school.
7. Medication will be stored in a locked cabinet at the school at all times. Exceptions by statutes are: Asthma inhalers and Epipens that students carry that require special parent and physician licensed health care provider forms/doctor's orders.

8. Since there are a number of students who receive medication during school hours, a school district employee designated by the Principal will administer medication.
9. Oral non-prescription (over-the-counter) or sample drugs will be dispensed only when accompanied by written orders from a physician-licensed health care provider. Medication is always to remain in the container in which it was purchased. Written parental authorization is needed for all non-prescription drugs. Cough drops will be treated as over-the-counter medication. Sunscreen is permissible without a medication order. Possession of drugs of any kind can lead to serious disciplinary action.
10. Substances not to be given at school are all unregulated products, such as herbs and food supplements that are being used as treatments, dietary supplements or folk remedies.
11. *No prescription narcotic analgesics* are to be dispensed at school. The side effects make it unsafe for students to attend school while medicated with narcotics.
12. Liquid medication will be given in a calibrated measuring device. The parent should supply a calibrated measuring device.
13. Special arrangements must be made if a student is self-medicating or attending a school-sponsored field trip.
14. When medication is discontinued or at the end of the school year, medication not taken home by the parent within three (3) days will be destroyed.
15. Planning and protocols for any medication or treatment which requires a one-time dosage for a specific intent are the responsibility of the Registered Nurse ONLY.
16. Parents of students attending after-school programs will need to make arrangements with the after-school programs when medicines or treatments are needed.

Epinephrine Use

Section 1002.20(i) Florida Statute states: a student who has experienced or is at risk for life-threatening allergic reactions may carry an epinephrine auto-injector and self-administer epinephrine while in school, participating in school-sponsored activities, or in transit to or from school or school-sponsored activities if the school has been provided with parental and physician authorization. The State Board of Education, in cooperation with the Department of Health, shall adopt rules for such use of epinephrine auto-injectors. A school district, county health department, public-private partner, and their employees and volunteers shall be indemnified by the parent of a student authorized to carry an epinephrine auto-injector for any and all liability with respect to the student's use of an epinephrine auto-injector pursuant to this paragraph.

Use of Assistive Medical Equipment: Crutches, Canes, Walkers, Wheelchair, Braces, Splints

Medical devices such as crutches, canes, walkers, wheelchairs, braces and splints are prescribed by the medical care provider to facilitate mobility or provide support or alignment of an injured or deformed body part. Health professionals specifically fit these devices to a child, taking into consideration such parameters as height, weight, angle of alignment required, and degree of mobility assist required; and train the child/parent in their safe use and appropriate care. In order to reasonably and safely accommodate the child who has been prescribed an assistive device in the educational setting, a doctor's order is important in describing any activity limitations at school (i.e., no PE for one month), length of time device is to be used, any monitoring or nursing needed during the school day (i.e., ice applications to injury, observe for pressure areas), and needed assistance in mobility on the school campus (i.e., elevator key, assistance with carrying books or extra set of books for home, extra time going from one class to the next). Parents/guardians are encouraged to communicate with the school clinic personnel regarding their child's medical needs during the school day while using any assistive devices. A parent or guardian without a health care provider order for assistive devices or is unable to produce the documentation for assistive devices should be referred to the Principal.

A student may be exempted from the regular physical education program by a written request from the attending health care provider stating the length of the exemption; in all cases, the Principal should be notified.

Management of Life-Threatening Health Conditions

A student may be permitted to self-administer medication for potentially life-threatening illnesses such as diabetes, allergies, asthma, cystic fibrosis and others. Guidelines for this process are based on F.S. 1002.30(3) (h)(k). Written

authorization is needed from the student's physician certifying that the student has the life-threatening illness and that he or she is capable of and has been instructed in the proper administration of the required medicine and/or procedure. Also, the parent/guardian must sign a written authorization for their permission. This authorization also includes a statement that the school district shall incur no liability as a result of any injury arising from the self-administration. The permission is effective for the school year and will be reviewed annually. Please note that permission may be revoked if there is reason to believe that the life-sustaining medication treatment or supplies are being used inappropriately. Parent/guardian should contact the clinic at their child's site for appropriate paperwork.

Communicable Disease

Students with symptoms indicating the possible presence of a communicable or infectious disease shall be isolated from other students. The parent or guardian shall be contacted in order to take the student home. The student shall be readmitted with a written statement from a licensed physician or licensed health care provider, and/or when in the Principal's or designee's judgment, the student meets the criteria for readmission set forth in the School Health Services Manual. (F.S. 381.0056, F.S. 1003.22, School Board of Hillsborough County Bylaws and Policies – Policy 8450.)

Head Lice

The School Board of Hillsborough County has a "No Nit" policy. If a child is identified as having head lice, he or she shall be excluded from the school and shall not be permitted to return to school until he or she is free from lice and nits. Nits are the white eggs that lice lay that adhere to strands of hair. Parents are responsible to provide the appropriate treatment to eliminate head lice and nits before the child returns to school. A child should miss no more than one or two days of school because of head lice. Excessive absences due to head lice shall be addressed according to the provisions of the Compulsory School Attendance Law (F.S. 381.0056, F.S. 1003.22, and District Policy Chapter 5 – Policy 5.13).

Health Screenings

School Health Services Program conducts health screening activities at various times during a student's school experience. Screenings are mandated in F.S. 381.0056 (5) (a). Health screenings include the following activities: vision screening, hearing screening, measurement of height and weight with Body Mass Indexing calculations, scoliosis screening, and some school sites include dental screenings and screening for hypertension-high blood pressure. Parents or guardians must inform the school in writing if they do not wish their student to participate in any portion of this program.

Students with a temperature of 100.0 F or greater may not attend school under any circumstance. The student's parent/guardian is required to come to school to pick up the child.

Only ill or injured students may stay in the clinic. Well students are not allowed to come to the clinic unless they need to speak to the school nurse.

NO STUDENTS are allowed in the clinic without adult supervision.

940.04 Visitors to Campus

For the safety of our students, school personnel, parents, and visitors Terrace Community Middle School maintains a twenty-four hour (24 hour) video surveillance. Any suspicious activity will be immediately investigated. Any unlawful activity will be reported to the proper authorities.

1. **Visitors to the campus must use the computer in the main office to sign in. They will be issued a label to wear while on campus. Visitors on campus without permission from the school administrative staff may be arrested for trespassing.**
2. TCMS students shall not visit any other school without the permission of the administrative personnel at the visiting school. Any student found in violation of this policy shall be subject to school disciplinary action.
3. Visitors must have arranged a date and time with the teacher or teachers at least two days in advance and receive approval from the Principal in order to observe classroom(s).

4. Visitors cannot stop or interrupt classroom activities or instruction, nor may they approach students in the breezeway (area between the two buildings) without first having signed in at the front desk.
5. Students cannot arrange for their friends or relatives from other schools to visit the school at any time.
6. **Former TCMS students may arrange to visit the school to volunteer with faculty or staff. Prior arrangements must be made by the hosting teacher and the visit must be approved by the principal.**

940.05 Background Screening of Volunteers

Search of registration information regarding sexual predators and sexual offenders required prior to appointment or employments.—Florida Statute 943.04351 requires a state agency or governmental subdivision, prior to making any decision to appoint or employ a person to work, whether for compensation or as a volunteer, at any park, playground day care center, or other place where children regularly congregate, must conduct a search of that person's name or other identifying information against the registration information regarding sexual predators and sexual offenders maintained by the Department of Law Enforcement under s. 943.043. The agency or governmental subdivision may conduct the search using the Internet site maintained by the Department of Law Enforcement. This section does not apply to those positions or appointments within a state agency or governmental subdivision for which a state and national criminal history background check is conducted.

As a result of this statute, schools are required to screen all volunteers against the Florida Department of Law Enforcement Sexual Offender/Predator website before they begin working in a school.

- Prior to the beginning of each school year, all parents or community members who wish to participate in school-related functions will be required to complete a form from SERVE, which authorizes the school to perform a background check for volunteers, daytime chaperones, overnight chaperones, tutors and mentors.
- If the parent has a different last name than the student child, there is a space available at the top of the form to provide your child's name and grade level. **THE FORMS ARE FILED BY THE STUDENT'S LAST NAME, NOT THE PARENT'S NAME.** A member of the community who is not related to a student (i.e., guest speaker) does not need to provide the name of a student but should write the name of the event for which he/she is volunteering in that space (i.e., TCMS Teach-In, field trips, symposium, etc.).
- A member of the administrative team will be responsible for checking on the Florida Department of Law Enforcement's Sexual Predator and Offenders website.
- The administrative team member will forward the original forms to the SERVE Office and an Excel spreadsheet is maintained on the school's intranet with the names of those who have been approved.
- All parents who chaperone on overnight trips must be fingerprinted and cleared through SERVE. Please check with the Trip Coordinator, who will give you instructions. This should be completed two weeks prior to the scheduled overnight event. Failure to comply may result in barring parent/guardian from chaperoning the event.
- This policy will also apply to anyone who enters the school in order to deliver goods. The Hillsborough County School District has an approved list of vendors who have undergone the background checks.

It is required by the SERVE office that, when completing their application, the parent or community member's social security number and date of birth must be provided on the form. These are vital pieces of information for processing the background check. The form will be returned to the parent or community member for completion if that information is not provided.

A new form must be on file for each school year the child is enrolled in TCMS.

940.06 Interview/Conference of a TCMS Student by a Non-TCMS Person(s) while Student is on Campus

Rationale: Safety and Security Protection of TCMS Student and Disruption to Student's Right to a Peaceful, Safe and Productive Learning Environment as set by SBE Regulations.

Exclusive of child abuse allegations which, by statute require intervention by local and/or state law enforcement or other agencies, a TCMS student is not permitted to be interviewed and/or be in conference with any non-TCMS person(s) unless the following has been satisfied and then approved by Principal:

- Parent or guardian has given approval for such interview or conference in writing or verbally, with verification and logged by TCMS
- A TCMS counselor, teacher or administrator is present during the duration of the interview/conference,
- Interviewer, provides identification, purpose for interview in writing and has been cleared through FDLE check; and
- Final approval is given by the Principal

940.07 Policy on Non-Motorized Transportation from School

It shall be the policy of Terrace Community Middle School that students are not allowed to walk or ride bicycles from home to school and from school to home. The exception(s) to this rule shall be as follows:

- a) The parent(s) or guardian has communicated the desire by e-mail or phone for the student to walk..
- b) The parent(s) or guardian has spoken personally with an administrator and not a designee.
- c) Student's parent(s) or guardian must send a letter to school Administration releasing TCMS of any liability.
- d) The final destination of the student is no more than 1 mile (+ ¼) from the school
- e) The student does not have to navigate across thoroughfare where there is no crossing guard and flashing cross walk lights to slow speed, or an overhead enclosed pedestrian bridge that allows for safe passage across the thoroughfare.

940.08 Bus Transportation Fees

The Administration requires all field trips, and any and all other school-related events and activities which require student transportation to be provided by district and commercial bus service to be self funded.

Students may not be charged more than \$25.00 (as stated in the Employee Handbook) for bus fees unless otherwise waived by the Finance Manager and done for item specific reasons. Sponsor/teacher must provide in writing the rationale for charging students more than the \$25.00 maximum bus fee.

Any student who cannot financially support the requested fee will receive a scholarship provided the parent submits in writing or by email or by phone call a request for such.

Sponsors/teachers are strongly encouraged to seek alternative means for seeking funds to pay for buses (i.e. solicitation of donations from local businesses and individuals).

Section 950 Compulsory School Attendance

950.01 Attendance

1. Because TCMS is a **public school of choice** of the state of Florida, students may attend even if it is outside of their attendance area.
2. Students have the right to:
 - (a) receive information concerning attendance policies at the school;
 - (b) make up any work missed because of excused absences and/or an excused tardy within the appropriate amount of time.

3. Students have the responsibility to:
 - (a) attend classes daily and on time;
 - (b) request make-up work from their teachers within the appropriate amount of time.
 - (c) complete any work that was requested in advance upon return to school.
4. Parents have the responsibility to refrain from sending their child to school with a fever or within 24 hours of having a fever

950.02 To Report an Absence

(a) It shall be the responsibility of the student's parent or guardian to explain a student's absence to the school office in person, by telephone or by e-mail on the day of the absence. Parents or guardians are expected to call the school to report an absence when students are absent for all or any part of the day. These calls should be made to the school by 9:00 a.m. Parents or guardians should leave a message on voice mail if no one is available to take the call.

The parent/guardian who is unable to speak to someone in the office and leaves a voice mail, the message will constitute notification. However, the office may contact parent to ensure accuracy of date, time and reason for the request of an excused absence. Please keep a record of your call(s) to the office for purposes of requesting that a student's absence be considered excused.

A student is considered absent from compulsory school attendance if student is not attending classes for more than 50% of the instructional day, as determined by the Principal. The student must be in attendance for a minimum of 166 minutes of instructional time.

A student absence is considered an excused after the parent/guardian contacts the school's Administration to verify said absence within 24 hours of the date of the absence. After that time period, the absence shall be considered unexcused. There are no exceptions made to this policy statement.

(b) If the parent or guardian does not call TCMS, the School District of Hillsborough County's automated attendance program will, beginning at 11AM, phone the parent to verify the student's absence. The parent must call TCMS to report the child's absence. If not reported, the absence shall be considered unexcused.

Students and parents must provide school personnel with accurate telephone contact numbers (home, work and cell for parents or legal guardians) and ensure the number(s) are correct if there is a change during the school year. This information must be given on the emergency contact card provided by the school at the beginning of the school year and updated as changes occur.

(c) If a student is going to be absent for any length of time (i.e. death in the family), or a scheduled event (such as "Take Your Child To Work Day"), the purpose of the trip as well as the dates that the student will be absent must be submitted in writing or via e-mail to the student's Grade Level Administrator at least three days in advance of the planned absence. The Grade Level Administrator may or may not issue an approval and the documentation will then be passed on to the teachers.

d) A student who is absent six or more days in a nine-week grading period may be required to present medical evidence or have the parent visit the school to verify absences.

e) A student who is not in class at least one half which is equivalent to 28 instructional minutes of the class period shall be counted absent from that class. A student who is absent from class but is not listed on the absentee bulletin shall be reported by the teacher to the school office. A student who is absent more than three periods in a six period day is considered absent for the entire day.

f) On the fifth and tenth absence, student and parent will receive an electronically generated letter from the school's Principal as to the excessive absences and possible truancy consequences as in compliance with the state compulsory education policy

- (1) are not accepted as excused;
 - (2) are caused by truancy of the student;
 - (3) are caused by a parent failing to report the absence.
 - (4) result from the student being suspended. Students may get missing work from the teachers upon their return to school and will have the number of days they were absent to make up the work.

950.05 Tardiness to School

Punctuality is paramount to success in school, career and life. TCMS fosters a learning and working environment that fully supports this belief.

1. A student is tardy when the student arrives after the beginning of the school day or when the student is not in the classroom when the tardy bell rings. Any student arriving to school after the session has begun must report to the school office. An admit slip shall be issued indicating excused or unexcused tardy or absence. For the student to receive an excused sign-in, a parent or guardian must do the following: accompany the student to the school office with an acceptable excuse, as stated below; send a note with the student explaining the reason the child is late, or a telephone call to the office with an explanation within 24 hours of the event. Failure to do so will result in an unexcused sign-in. **More than four sign-ins per nine-week period may require medical or other documentation.**

2. A student's tardiness shall be excused when the reason given is acceptable to the Principal or designee. Examples of excused tardies include the following:

- (a) medical or dental appointments (doctor's statement may be required);
- (b) automobile accident;
- (c) death or funeral;
- (d) emergency situations acceptable to the Principal or designee;

- (b) returned for forgotten items (for example, books, lunch, money, homework, projects, P.E. clothing, and absentee notes).

950.06 Tardiness to Class

1. A student should make every effort to be in class on time. A student failing to attend class shall be considered truant and subject to disciplinary action.
2. A student's excessive unexcused tardiness shall be considered willful disobedience, and the student shall be subject to disciplinary action. At three tardies to class, parent contact should be made.
3. Teachers may deal with the first four tardies per nine weeks by:
 - Holding a student conference.
 - Holding lunch detention or after school detention
 - Notifying home, giving 24 hours notice for detention or whatever consequences the teams within the school have determined.

When the student reaches five (5) tardies to class, parents should be notified again, explaining that a sixth tardy will result in a referral to Administration for defiance of public school policy on compulsory attendance.

Teachers are to handle the sixth tardy, which is considered excessive by writing a referral **for defiance of public school policy**. **Upon this sixth violation**, this now becomes a referral directly to Administration. The referral must be written in such a manner as to clearly indicate the student is in Defiance of Public School Authority and/or Policy.

4. Entering tardy during testing - Students entering school beyond the start time of a session of state mandated testing will not be allowed to start that session of the test. The student will be allowed to enter a class when testing is complete.

4. During "closed campus" times of the year (i.e., state mandated testing, semester exams testing days) students are not permitted to be released (unless it is an absolute emergency) during testing so as not to disturb the testing environment. Only the Principal or designee is permitted to approve the release of a student during testing.

950.08 Sign-Out Procedures

Please call the school (987-6555) before 9AM to notify the school if you need to pick your child up early from school for an appointment. - Checks written by parents of current students must have the most current information on file at the school. Any non-parent will be required to produce a photo I.D. before acceptance of the check. **Any check that is returned for any reason will result in a fee of \$25.00 to be paid in cash to cover administrative costs of collection.** Any check returned for any reason will be re-deposited once as a courtesy. In addition, any student who has an outstanding debt at the end of the year will not receive his/her report card until said debt is resolved.**

980.02 Administrative Fee Policy

Should a student leave TCMS to attend a private or out of county school, the new school requires copies of the student’s cumulative files. The actual files are the property of the School District of Hillsborough County and cannot be forwarded to the new school.

Upon request from the new school, TCMS will issue one copy of the records for delivery to the new school.

If another set of copies is required, an administrative fee of \$15 will be charged, which will cover the administrative costs associated with this second issuance.

980.03 Collection of Student Fees

All money for any activity, field trip, fundraising event, etc. is to be turned in by students during homeroom. No money will be accepted at the main office during the school day. This policy was created so that students will not have to carry money with them throughout the day. Teachers will not have money in and about their desks, nor will personnel in the front office.

980.04 Fees for Certain Elective and Core Area Classes

From time to time, an elective and/or core area class may require a small supply fee to be paid by the student. However, a notice of this required fee will be posted yearly in the course description as well as notification posted on the web site. For example, art, Spanish, music and physical education classes may require a supply or uniform fee depending on the situation. A student who may be unable to pay the required fee may be eligible to receive a fee scholarship provided a request is made to the Principal, in advance, and certain financial guidelines are met. No student shall be denied access to a class based on an inability to pay a supply or uniform fee.

980.05 Fundraising

The Principal must approve all fundraising, both internal and external.

1. All fundraising activities will be placed on the school calendar prior to the start of the school year.
2. No fundraising activity will be in direct competition with another.
3. An account of all internal and external fundraising will be filed with the Principal at the end of the activity. Failure to comply will result in cancellation of any future fundraising events requested by the sponsor.

Section 990 Property Insurance

990.01 Personal Insurance for Property

1. TCMS does not provide any insurance coverage and assumes no liability for damage to or theft of students' property, for example, electronics, textbooks, etc.
2. Students have the responsibility of securing their personal property. Damage to or theft of students' property should be covered by personal insurance policies.

Section 990.10 Extracurricular

990.10.01 Athletics and Co-Curricular Activities

It is the policy of TCMS to conduct an interscholastic extracurricular, competitive and intramural sports program and co-curricular activities that provide fun and enjoyment, build self-esteem, and improve the development of skills. It is the school's goal that participation in competitive athletics and co-curricular activities be a positive experience for all. TCMS expects the highest standards of sportsmanship and respect for teammates, opponents, officials, coaches, advisors/moderators, and spectators and in line with middle school philosophy. Both intramural and extramural sports may be offered, depending on available resources.

1. Students are aware that the school's athletics and co-curricular activities, such as forensics, clubs, and student government have visible, built-in systems of recognition, reward, and championship, which may not be observable in other school areas. Because of this, students place a significant value on involvement in the school's athletics and co-curricular activities, and participation in those activities affect the learning climate of the school. Therefore, TCMS organizes athletics and co-curricular activities designed to complement other school areas in building social skills and social sensitivities. Furthermore, TCMS promotes the shaping of student athletics and student activities into instruments of student involvement.
2. The academic mission and calendar of the school takes precedence over athletics/co-curricular scheduling.
3. School behavioral issues and consequences such as suspension, detention, and other infractions prevail over any sports schedule and co-curricular activities participation.

4. Impartiality is the standard at TCMS. Equitable distribution of assets exists for male/female students in all athletics and co-curricular activities.
5. To be eligible to *continue participation* in an extracurricular club/sport, a student must maintain a cumulative grade point average of 2.5 (on an unweighted 4.0 scale) in all courses with no failing grades. Weekly academic checks (by Fridays) will be done by the club/sport sponsor to determine the next week's eligibility to participate. In addition, there can be no failing grades the previous quarter of entering the club/sport. A petition for participation based on academic improvement can be made. The petitioning student must have a passing average in the failed subject at the time of the petition.

Weekly conduct checks will be done by club/sport sponsors to determine if the student has maintained satisfactory conduct. A Level One offense or suspension automatically disqualifies a student for membership in the extracurricular club/sport for no less than one quarter or indefinitely as determined by Administration.

Academic exceptions may be made for ESE students. The students' teachers and club/sport sponsor will determine eligibility.

6. **A student who is absent from school may not participate in ANY extracurricular activities the day of the absence from school.** After school performances which are part of a student's grade are not considered extracurricular.
7. Information regarding these activities is available upon request. If additional information is needed or desired, after reading the requirements for membership, contact the Principal.
8. All student athletes must provide the school with written permission of the student's parent or guardian and must pass a physical exam annually.
9. All students practicing or participating in any type of athletics shall provide proof of accident insurance covering medical expenses of any injury sustained in a sport. The student and/or the student's parent or guardian shall be responsible for providing proof, as evidenced by a copy of an insurance card of the student's insurance prior to practice or participation in athletics.
10. Pursuant to Florida Statutes, licensed medical personnel who act as volunteers for school events and agree to render emergency care of treatment shall be immune from civil liability for treatment of a participant in any school-sponsored athletic event, provided such treatment was rendered in accordance with acceptable standards of practice and was not objected to by the participant.
11. All students have the responsibility to seek proper consent from school administrators before the organization of student associations. All students shall meet the approved criteria for membership in clubs, organizations, and activities of their choosing.
12. Students are expected to participate regularly in their respective organizations, conduct themselves in an appropriate manner, and operate according to the school rules and regulations. Students should select co-curricular activities that do not interfere with their academic progress.
13. **NOTIFICATION OF RISK.** All students should be aware that playing or practicing to play/participate in any sport can be dangerous in nature and involve many risks of injury. It is understood that the dangers and risks of playing or practicing in interscholastic sports may result in complete or partial paralysis, brain damage, serious injury to virtually all bones, joints, ligaments, muscles, tendons and other aspects of the muscular/skeletal system; serious injury to virtually all internal organs; serious injury or impairment to other aspects of the body, and general health and well-being. Students should understand that the dangers and risks of playing or practicing interscholastic sports may result in serious injury. Because of the dangers of participating in interscholastic sports, it is important to follow and obey all instructions regarding playing techniques, training and team rules.

990.20 Academic/Curriculum Information

990.20.01 Placement and Course Offerings

The Board's Policy is clear on placement. All courses offered at TCMS shall have higher standards and be offered in heterogeneously grouped classes.

Placement which facilitates optimum learning for each student will be determined by established principles of growth and development, by the academic and career interests of the student, and by acquisition of subject area skills and competencies. Each student will be scheduled into specific courses according to each grade level:

6th Grade - Language arts, mathematics, science, social studies, critical thinking for reading. In addition, art appreciation, introduction to foreign language (if available), band, physical education, chorus, and Computer Applications I may be available for students to choose.

7th Grade – Language arts, pre-algebra, science, social studies, Spanish, band, art, Computer Applications II, chorus, guitar and physical education may be available for students to choose.

8th Grade - Language arts, algebra 1 or algebra 1 honors for high school credit, physical science honors (PSH) for high school credit, social studies and electives in advanced band, art, emerging technology, physical education, chorus, guitar, STEM or Spanish I for high school credit (placement in Spanish 1 may only be assigned by teacher recommendation in compliance with district and school academic requirements) may be available for students to choose.

Students who are not proficient on a state or local assessment in reading, and/or performed below grade level in a language arts or reading course during the school year may be required to take an intensive reading class in place of one of his/her electives. In addition, students performing below grade level in reading or math may be required to attend remedial tutoring which will require pull-out from elective courses once or twice a week and mandatory attendance at a 7th period tutoring class (3:10-4:00PM). This type of intervention is required by state law.

Initial placement of a new student will be based upon the previous school's recommendation. Students seeking initial placement from a home education program or private school may be screened by TCMS to determine the most appropriate grade-level placement. Criteria to be considered may include age, maturity, standardized achievement test results, state assessments, records, and evidence from student's portfolio of work and achievement while in home schooling. In no instance shall placement be considered automatic or based solely on the recommendation of the private school or home educator. The placement decision is subject to review and revision, after school personnel have had the opportunity to observe the student's work.

990.20.02 Grading/Progress Reports

Grading Scale

The following grading scale is used by TCMS to determine quality points earned.

A	90-100	Outstanding	4 Quality Points
B	80-89	Above Average	3 Quality Points
C	70-79	Average	2 Quality Points
D	60-69	Lowest Acceptable Progress	1 Quality Point
F	0-59	Failure	0 Quality Points
I	No Grade	Incomplete	0 Quality Points

Grading and progress reports fall under the supervision of the Administration.

Interim/Progress Reports

School wide progress reports are issued at the approximate midpoint of each nine-week period. These reports are to be completed by the appropriate teachers and sent home with students that day. The students must return the reports signed by themselves as well as a parent/guardian within the designated time. Additionally, teachers may send home individual or class progress reports periodically during the year, as they see fit. Teachers are strongly encouraged to communicate with parents when students appear to be struggling with the curriculum. Students and parents are encouraged to check grades online for continual updates.

Grading & Commentary

Feedback is vital to the learning process. Students must have significant response to their work from their teachers. Feedback may be given in two forms: grading and commentary. Semester grades will be given at the end of the second and fourth quarters in all middle and high school courses.

Grading will take place four times per year given at the end of each quarter. Each quarter will last approximately nine weeks.

Grading:

- (a) Students shall be informed by the school of their academic progress and shall have periodic reviews of their instructional achievement by the school staff.
- (b) Students' academic marks in each class should represent fairly and impartially their academic progress in that class. They should have the opportunity to periodically review their marks with their teacher.
- (c) Students shall be graded on their progress and class work. Conduct, while not a part of a student's grade, may bear a relationship when a student is absent from a class and unable to make up work due to misbehavior.

The second type of feedback, commentary, is just as important. Students must receive frequent or periodic responses to their work, both positive and critical.

Incomplete Grades

When a teacher gives an incomplete grade, the grade becomes an "F" if the work is not made up during the first three weeks of the next grading period, unless special arrangements are made. Incomplete grades are not given at the end of the second semester, unless special arrangements are made.

990.20.03 Homework

Homework is assigned for the purpose of reinforcing material covered during the day. Practicing concepts through work at home, being responsible for the completion of assignments, organizing materials, and working efficiently and independently are skills that are learned through the completion of homework assignments. Students will receive homework assignments nightly in all core classes. Homework assignments/projects will be commensurate with an advanced academic curricular program. Homework may be assigned on weekends as well, but teachers are encouraged to refrain from assigning major projects and research over long weekends and holiday breaks. Teachers will work with team colleagues to ensure that there is a balance of assigned homework and will try to avoid an overburden that may exceed an average of two hours per evening. This also applies to testing overloads.

In middle school a student shall learn to be fully responsible for their actions and work ethic. Homework and all projects assignments fall into this category; therefore, the following is stipulated by this board policy:

- **At no time will a student's homework, which included assigned classroom and out of classroom projects be accepted late, unless pre-cleared by the classroom teacher and for emergency circumstances only.**
- **Under no condition may a family member bring a student's homework, projects, PE clothes, book bags, etc to school. These items will not be accepted by any TCMS employee.**
- **All TCMS teachers shall post this policy in their course expectations and communicate this information to the students and their parents.**

990.20.04 Heading Identification

At the direction of the Principal, all TCMS faculty members are required to have the same format on each student's written, typed or created work. Therefore, each student must comply with the above requirement which is formatted below:

Student's Full Name

Date

Grade Level, Course/Subject

Teacher, Period

This is to appear in the upper right-hand corner of the paper/item.

990.20.05 Research Papers

Prior to promotion and graduation from TCMS, a student will have experienced the process of completing a research paper that meets the standards as set by the Language Arts department. Using technology and other standard formats, each student must successfully demonstrate in the paper her/his ability to access knowledge, analyze and synthesize the information and demonstrate application through the process. Yearly, the Language Arts Department Subject Area Leader should meet with the other department Subject Area Leaders to ensure that a grade level research project is developed and monitored across the curricular and instructional programs so that every affected teacher has input and is responsible and accountable for the student's learning process.

990.20.06 Tutoring

Any student who does not maintain a 2.0 GPA in an academic class due to difficulty with content (as determined by the teacher) shall be offered tutoring. Students not proficient on state assessments will be offered tutoring in the subject of deficiency.

990.20.07 Student Assistance

1. When students are experiencing learning or behavioral difficulties, the PS/Rtl provides support and assistance to teachers in developing and implementing interventions.
2. PS/Rtl members can consult without formal written referral and include such professionals as administrators, special education teachers/consultants, other regular education classroom teachers, social workers, school psychologists, guidance counselors, educational diagnosticians, and health professionals.
3. In the process of consultation, students may be observed and/or counseled for curriculum-based assessment.
4. PS/Rtl is the recommended first step in providing teachers and parents with assistance in dealing with a student's unique educational adjustment problems.

990.20.08 Scheduling and Administration of Exams

Exams shall be administered at the end of the semester in all courses, including electives. The methodology and composition of these exams should reflect the subject area, skills and knowledge being measured. A semester exam should measure the learning that has occurred during that period and should only encompass the curriculum covered during that time. A semester exam shall be no more than two hours in length as determined by subject area with approval of the Grade Level Administrator.

Fall and spring semester exams in compliance with state statute governing such and in accordance with TCMS standards, for courses provided for high school credit, will be administered to eighth grade students.

Semester exams on the eighth (8) grade level that determine the granting of high school level credit shall be held in full compliance with sponsoring school district policy, procedure and timeline.

During the scheduled fall and spring exam weeks (schedule determined by Administration) TCMS is a “*closed campus*.” There shall be no non-academic related school activities (this includes academic and non academic field trips) exclusive of semester exam after school or evening study groups which must have the approval of the Grade Level Administrator.

990.20.09 TCMS Make Up Exam Policy

If a student misses a semester exam due to an excused absence, then the student will make up the exam after the exam has been administered and during the designated make up exam day or any subsequent days as determined by the teacher administering the exam.

When a student misses the exam due to an excused absence, the report card grade – for the affected quarter - will be marked “Incomplete” until the student completes the makeup exam and the student’s final grade has been reported.

If an 8th grade student misses an exam, the “Incomplete” grade on the report card may place them in jeopardy of being accepted to an IB, CAPS/KAPS, magnet program, or private school depending on the requirements and time of grade review of the sponsoring program/school.

990.20.10 Promotion

Promotion will occur when a student demonstrates that acceptable skills have been acquired in the subjects enrolled (see the Hillsborough County Student Progression Plan 3.3.3 – Quick links, SDHC):

- (a) To be promoted from grade six to grade seven, a student must pass five or more annual subjects or their equivalent, including mathematics, language arts, science and social studies.
- (b) To be promoted from grade seven to grade eight, a student must pass five or more annual subjects or their equivalent, including mathematics, language arts, science and social studies
- (c) A student promoted from grade eight to grade nine will demonstrate acceptable progress toward mastery of grade eight skills as determined by the FCCRS.
- (d) In addition, to be promoted from grade eight to grade nine, a student must pass five or more annual subjects or their equivalent, including mathematics, language arts, science and social studies. Promotion shall be effective on the date that final grades are submitted by the teachers at the end of the regular academic year.
- (e) **Promotion Requirement for Showing Mastery of an Annual Course:** A student will pass an annual course when four quality points are earned providing at least one quality point is earned in the last grading period and at least two quality points are earned each semester. Special consideration for performance on semester exams will be given by the Special Placement Committee.

990.20.11 Retention

The Principal shall establish and implement a school wide retention policy that will be in compliance with the minimum guidelines set by the state and may expand those requirements and invoke other state retention policies as necessary.

A student who has not acquired the state mandated number of quality points in the required subjects and who does not receive remediation either through private instruction, district sponsored summer school or Virtual School, may not be promoted to the next grade level without the intervention of the TCMS Special Placement Committee (SPC). A recommendation for promotion must be approved by the Principal. Any student recommended for retention will have the option to withdraw and enroll at another school which may better serve the student’s academic needs. The TCMS retention decision is not binding for the receiving site Principal.

990.20.12 High School Credit and 7th Grade Civics End of Course Exam

TCMS shall offer high school level courses for high school credit. The Principal shall determine the specific high school credit bearing courses. Students shall only be awarded high school credit upon satisfactory completion of course requirements as set by the district, TCMS Math, Science and Elective Departments and in compliance with statute governing granting of credit at the high school level.

Algebra 1, Algebra I Honors, Physical Science Honors, Spanish 1 and Emerging Technology high school credit:

Students will follow the TCMS policy and requirements for the assignment of high school credit. Students will earn their semester course grade determined by their final course grade in quarter 1, quarter 2 and the semester exam. Second semester credit will be determined by using quarters 3 and 4 and the semester exam (or state mandated End of Course Exam to count as the second semester exam for Algebra I and Algebra I Honors). Semester final exams are mandatory for high school credit courses. Each semester, students must earn at least a "D" average in order to receive credit for each course. The semester grade for courses will be determined as follows:

Algebra 1 and Algebra 1 Honors:

Quarters 1 and 2 will count for 70% and the semester exam will count for 30% of the overall semester grade. Second semester credit will be determined by using quarters 3 and 4 (70%) and the End of Course Exam score (30%).

Physical Science Honors, Spanish 1 and Emerging Technology:

Quarters 1 and 2 will count for 75% and the semester exam will count for 25% of the overall semester grade. Second semester credit will be determined by using quarters 3 and 4 (75%) and the second semester exam score (25%).

Students are not permitted to change the level of their course once the school year has begun. Students are recommended for Algebra I Honors or Algebra I based upon their grades from 7th grade Pre-Algebra, 7th grade Math state assessment scores, and teacher recommendation. Students who do not meet the requirements (*at least 3 quality points*) to receive high school credit **will not** have the option to move into a MJ3A Advanced 8th grade science course, or alternate Algebra course. The grades earned in Algebra I Honors, Algebra I, Physical Science Honors, Spanish 1, and Emerging Technology will transfer with the student on their high school transcript if the student enrolls in a public high school and will affect the high school GPA.

Failure to earn the high school credit in the first semester of a year-long course means that the student must retake the semester one section of the course. Options include enrolling in Florida Virtual School (FLVS) while continuing the second semester of the course.

Grade 7 Civics End of Course Exam (EOC) - Each student's performance on the statewide assessment will represent 30% of the student's final course grade. This exam is required for high school admission.

990.20.14 End of Year Awards Policy

Traditionally, TCMS honors one student per grade level, with the John A. Romeo Award. This award honors the most improved student. Traditionally, TCMS honors eight of the best Tornado of the Week Award winners as nominated by grade level house processes, as well as one outstanding TCMS adult from the community who has contributed much to the overall improvement and success of the school. The William Cullen Award is the award presented by the school community for this honor.

The awards presentation will be conducted on the last Friday before the last week of school, unless that day falls on a final exam day, in which case, it will occur two weeks prior.

All Grade Level teams are strongly encouraged to honor students at the end of the year with some type of certificate indicating some area of excellence the student has attained. This should be done before finals week.

Presidential Service Award

(This award can be given to parents and students.)

Terrace Community Middle School has a long standing tradition of volunteer service. TCMS has relied upon its volunteers to support the school and to build a strong sense of community. TCMS participates in the Presidential Service Award program to honor its volunteers.

The President's Council on Service and Civic Participation (the Council) was established in 2003 to recognize the valuable contributions volunteers are making in our communities and encourage more people to serve. The Council created the President's Volunteer Service Award program as a way to thank and honor Americans who, by their demonstrated commitment and example, inspire others to engage in volunteer service.

Recognizing and honoring volunteers sets a standard for service, ensuring a sustained commitment in civic participation, and inspires others to make service a central part of their lives. The President's Volunteer Service Awards recognize individuals, families, and groups that have achieved a certain standard – measured by the number of hours of service over a 12-month period or cumulative hours earned over the course of a lifetime.

990.20.15 Field Trips

1. Field trips are an integral part of education at TCMS. It is the school's policy to use field trips to enhance the curriculum being taught to students throughout the year.
2. Field trips are considered **privileges** that must be earned by the students. That means that students whose grades are not what they should be or those who have not exhibited exemplary behavior, may not be allowed to go on field trips. The Principal or designee has the authority to exclude a student from participating in school related activities if the student's conduct, at school or outside of school, is deemed unacceptable.
3. Parents may have to pay a fee in order for a student to participate in a field trip. Field trips shall not be of a prohibitive cost to a student. **Any money that is paid toward a field trip is non-refundable. This includes students who are suspended and/or not permitted to attend due to behavioral issues. There will be no exceptions.** Reservations for field trips are made based on a good faith estimate of the number of students going and costs are considered accordingly; therefore, additional costs due to cancellations will not be incurred by the remaining students going on the field trip or incurred by the school.
4. Parents or guardians shall be notified prior to any field trip. Such notice shall state the place to be visited, the date of the trip, time of departure, time of return to the school and any costs. Any student making a trip shall present a note from his/her parent or guardian giving permission to make the trip. The field trip form is to be completed by the parent/guardian giving permission.

5. Students who are ill the day of the field trip or who have not been free of a fever for at least 24 hours shall not attend the field trip. This is in the best interest of the student. If a student becomes ill during the field trip, the teacher will contact the parent so the parent can pick up the student.

The Administration requires all field trips, and any and all other school related events and activities which require student transportation to be provided by district and commercial bus service to be self funded.

990.20.16 Student Field Trip Fees

Students may not be charged more than \$25.00 for transportation to a one day field trip unless otherwise waived by the Principal, and done for item specific reasons. Sponsor/teacher must provide in writing the rationale for charging students more than the \$25.00 maximum bus fee.

Any student who cannot financially support the requested fee will have the fee paid in his/her behalf, provided the parent submits in writing or by email or by phone call a request for such. This request for a scholarship of the field trip fee must be made to the Principal.

Sponsors/teachers are strongly encouraged to seek alternative means for seeking funds to pay for buses (i.e. solicitation of donations from local businesses and individuals).

990.20.17 TCMS Guidelines for Teaching Politics and Religion

Following are the school's guidelines regarding teaching religion.

- The approach to religion is academic, not devotional.

- The school may expose students to a diversity of religious views, but will not impose any particular view nor will it promote or denigrate any religion.

- The approach to politics is academic and non-partisan.
- TCMS strives for student awareness of diverse political processes.
- The school may expose students to a diversity of political viewpoints but will not impose any particular bias.

Appendix 1 Public Notice on Student Records

PUBLIC NOTICE

Student Records Maintained by the Hillsborough County School System

Adopted by the School Board, April 18, 1978

Updated and Revised in Accordance with the Family Educational Rights and Privacy Act (FERPA)

Federal Register, November 21, 1996

WHAT ARE STUDENT RECORDS?

Education records are records maintained by the school and are directly related to a student. Education records of students are sometimes maintained at several locations. The Principal has a list of all the types and locations of education records maintained by the school system and the titles and addresses of the school officials responsible for these records. Parents, guardians, and eligible students over the age of eighteen may inspect and review that list upon oral or written request.

WHY MAINTAIN STUDENT RECORDS?

Florida Statutes mandate that each Principal maintains a permanent cumulative record for each student enrolled in a public school. Such record shall be maintained as prescribed by regulations of the State Board of Education. Student records are used for planning instructional programs, for guidance of students, for preparation of State and Federal reports, and for research.

WHAT INFORMATION IS IN A STUDENT'S RECORD?

Education records are maintained in accordance with policies of the School Board of Hillsborough County and contain identifying data (student and parent name, address, birth date, sex, race), academic record, standardized test results, attendance records, and health data. The record may also contain family background information, verified reports of serious recurrent behavior patterns, record of extracurricular participation and participation in special programs, psychological reports, and anecdotal records of professional staff. The Principal may maintain a separate disciplinary file for students involved in misconduct to include, but not limited to, description of misconduct, suspension notice(s), record of disciplinary action(s) taken. These records are updated annually and information no longer pertinent is removed.

WHO HAS ACCESS TO STUDENT RECORDS?

The following persons can access a student's records: parent, eligible student over the age of eighteen, school officials, a party with the written permission of the parent or eligible student, certain state and local officials who are part of the juvenile justice system, federal grand jury or other law enforcement agency issuing a subpoena directing information to a particular party.

Note: Court may order nondisclosure of a subpoena or information provided in response to a subpoena. Footnote: A release of information without parent or student (over the age of eighteen) consent can be made to school officials with a legitimate educational interest. A school official is considered to have a legitimate educational interest if the official needs to review a student record in order to fulfill his/her professional responsibility. A school official is a person employed by TCMS, such as an administrator, teacher or support staff (including health and medical staff), a person serving on the BTBCSF Board, a person or company with whom the school has contracted to perform a certain task (such as an attorney, auditor, consultant, or therapist), or a parent or student on an official committee, such as disciplinary or grievance committee, or another school official performing his/her professional responsibility.

WHAT ARE THE RIGHTS OF A PARENT?

Parents or eligible students over the age of eighteen have the right to inspect and review all education records. A parent's or eligible student's request to inspect and review a student's education records must be in writing. The request shall be granted within a reasonable period of time, not to exceed thirty days. The inspection and review of records shall be held in the presence of an official of the school system. A parent or eligible student has the right to a response to reasonable requests for explanations and interpretations of the records. A parent or eligible student has the right to obtain copies of the education records of a student. The schedule of fees for copies is on file with the Principal. No fee for copying may be charged to any parent if it would effectively prevent that parent from exercising his/her right to inspect and review the records.

A parent or eligible student who believes that information contained in the education records of a student is inaccurate, misleading, or violating the privacy or the rights of the student, may request in writing an informal conference with the Principal for the purpose of amending the records. The Principal shall decide whether to amend

the education records within a reasonable period of time. If the Principal refuses to amend the records, he or she shall inform the parent or eligible student of that refusal, and advise the parent or eligible student of the right to file a grievance (refer to Grievance Procedure).

Parents or eligible students have the right to file a complaint with the U.S. Department of Education concerning an alleged failure by the school to comply with the requirements of FERPA. (see address below). Whatever rights are vested in the parent shall pass to the student whenever the student has attained eighteen years of age or is attending an institution of post-secondary education. (Parents shall have access to their dependent children's records regardless of age and shall have the right of signing for the release of dependent children's records.

WHAT INFORMATION IS RELEASED WITHOUT PARENT PERMISSION?

Copies of a student record may be sent to a school outside the Hillsborough County Public School System upon receipt of a written official school request. Parents or eligible students are to be notified of such transfers. Requests for records from all other sources require *written* permission of the parent or eligible student. Schools reserve the right to release "directory information" without prior permission of the parent or eligible student for school publications, yearbooks, programs for school events, handbills, rosters, and news releases. Such information shall be limited to name, grade level, age, participation in school sponsored activities, height and weight of athletic team members, graduation dates, and awards and honors received. Parents objecting to this use of directory information must notify the Principal no later than ten days after receipt of this Handbook.

Schools shall furnish data to state agencies when an agreement between the said agency and the school existed prior to November 19, 1974. Such information may include "directory information" plus address, telephone number, date and place of birth, dates of attendance, and former schools attended.

In the preparation of cases for prosecution under the Compulsory School Attendance:

Child Welfare Law, the school is authorized to release pertinent school data in interpretative form to the State Attorney's Office, to the Office of Youth Services, and to the Circuit Court, Juvenile Division, without parent consent. It is not necessary for parents and students (over the age of eighteen) to be notified if information from the student record is requested by subpoena from a federal grand jury. In addition, if a court or other agency with the power to issue a subpoena does so for law enforcement purposes and orders the school not to disclose the existence or the contents of the subpoena, the school is not required to notify the parent or student before compliance with the subpoena.

In cases of child abuse, school officials are authorized and mandated by Florida Statute to report the same to the Department of Children and Families and to provide them with the necessary information to pursue such complaints.

WHERE CAN COPIES OF POLICY BE OBTAINED?

Parents of students or eligible students may obtain copies of Hillsborough County School Board policies at any public school location.
